## Sunshine Coast Golf & Country Club AT ROBERTS CREEK

### PRIVATE LESSONS

One-on-one instruction with your CPGA professional.  
Each lesson is 45 minutes.

- » **Single Video Lesson** \$65
- » **Series of 3 Lessons** \$130 (*includes 2 lessons with video analysis*)

We use the **CSwing swing analysis** software to capture your swing on digital video to allow you to see your own swing, compare it to a variety of professional swings and pinpoint those areas which need work.

### CLUBFITTING SESSION

Ensure that you are getting the most out of your equipment with a clubfitting session. A certified CPGA professional will test your swing to determine the best lie angle, shaft type, shaft flex, grip size and set composition to allow you to play your best. Why continue to struggle with equipment that is not suited to you? Each clubfitting session lasts 45 minutes. If you purchase a new set of clubs through the pro shop the cost of your clubfitting is deducted from the cost of your clubs.
